

THE WAY FORWARD: INTERVIEW WITH SKYE JETHANI

Life Group Questions | Sunday, October 25, 2020

Skye talked about two main paths that Christians walk when we relate to culture and politics: **EXODUS** (flight) and **EXILE** (fight). Which path is most instinctual for you?

What stood out to you from the interview? What emotions did you feel? What questions did you have? What was compelling?

Discuss the distinction Skye made between a survival mindset (how can I protect myself?) and a flourishing mindset (how can I be for others and their flourishing?). How do you see those mindsets at play in your own life?

Discuss the following practices Skye challenges Jesus followers with:

1. Do not get your news from social media. Instead, get your news from multiple sources—reading rather than watching.
2. Think beyond national politics and be incarnational locally.
3. Whenever you are consuming news or media, ask yourself, “Who is this person asking me to fear?”

What practice will you commit to this week? How do you imagine (or hope) that will shape you?

Pray together. Close by reading 2 Corinthians 5:16-21.
